**“L’histoire et la généalogie de la famille Gravois” depicts fourteen generations
of bravery**

Spanning three hundred years, the new book *L’histoire et la généalogie de la famille Gravois* allows readers to experience the Gravois family’s perilous journey from the Old World to the New World.

After great suffering and imprisonment under English rule in Nova Scotia, the Gravois family spent a brief time in Saint Domingue before accepting land grants and transportation to Louisiana from Spain. The rich farm land and supplies provided allowed the family to finally settle down for a life of plenty. From prison cell to plantation, the Gravois family began a sugar cane legacy that continues today.

Bravery and loyalty characterizes the Gravois family, with members of every generation serving and defending their country. The name Gravois can be found in muster rolls records for every war fought by America since its independence.

Author Roland Anthony Gravois is a native Louisianan and has remained there for most of his life with his college sweetheart, Carmen Generes. Continuing his family’s legacy of bravery, Roland served in the United States Navy during World War II before returning to Louisiana for his career in Electrical Engineering. Roland and his wife currently live in Gonzales, Louisiana, and continue to focus on the importance of family by spending time with their children, grandchildren, and great-grandchildren. He is also the author of *de Générès and Allied Families*, which was published in 2012.

L’histoire et la généalogie de la famille Gravois is available in hardcover (ISBN 978-1-62137-838-9) from Virtualbookworm.com, Amazon.com, and Barnesandnoble.com. This book can also be ordered from most bookstores around the United States and United Kingdom. For more information on the author or the book, please go to www.gravoisfamily.com.
